

BUSYPOD

Sound
of
Silence...

You need privacy and silence in your daily life to make phone calls in crowded or in noisy environments such as offices, bars, cafes, restaurants, stations etc. Of course, you deserve freedom, confidential and comfort. **BUSYPOD** provides you all of these in a compact place. There are many choices of colors and materials for **BUSYPOD** design.

Private Telephone Conversations

Silent Video Conferences

Negotiations in Business

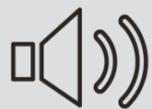

Optional

You have so many variations into your space design. You can order **BUSYPOD** with our standard designs or you can choose universal RAL colours and also materials of desk, door frame, interior surface and stool fabric. There are many options for you to design your **BUSYPOD** freely.

Compact

BUSYPOD has really small sizes but its thoughtful design gives you many of possibilities you will need inside; 3 lights, air ventilation, table, 220V/110V, data, USB sockets and wireless charger, comfortable adjustable stool and silence.

Sound Insulation

You can make private phone calls or video conferences in an approximately up to 32 dB sound isolated space and feel the comfort of acoustic space covered acoustic felt panels.

Easy Installation

BUSYPOD can be installed incredibly easy and quick without using any screwdriver in 15 minutes by any 2 inexperienced employees. You can relocate it via its own casters.
